WORK EXPERIENCE

ContractPodAi

Manager of Technology

Mumbai, Maharashtra | Oct 2021 - current

- Led the development team to build GenAI-based features for the CLM (Contract Lifecycle Management) to streamline the contract negotiation process.
- Conducted deep analysis of contracts by leveraging the power of LLMs (Large Language Models), which helped paralegal teams reduce negotiation time by 40%.
- Developed a multilingual chatbot feature for querying contract documents, combining vector search capabilities with the power of LLMs, enabling extraction of results from 200-500 page documents within seconds.

Equitec

Senior Software Engineer

Mumbai, Maharashtra | Nov 2017 – Sep 2021

- Built a workflow system for managing the report publishing pipeline of an asset management firm, reducing the chances of human error and providing a smooth experience.
- Worked across the software development life cycle to gather user requirements and provided automated solutions, saving 2 hours of manual work per instance.
